

FORD COLE ADVISORY PARTNERS

CORPORATE PROFILE

Who We Are

Ford Cole Advisory Partners LLC is a globally oriented advisory firm supporting governments, institutions, investors, and growth-oriented enterprises where strategy, public policy, and capital intersect.

Our work focuses on one critical challenge: ensuring that ambitious strategies translate into implementable programmes and measurable outcomes.

Vision

To be a trusted global advisory firm that turns ambitious strategies, policies, and investments into results that endure.

Mission

To help governments, institutions, investors, and enterprises close the gap between intent and execution through disciplined strategy, policy, and investment advisory grounded in institutional reality.

Advisory Philosophy

- Execution before elegance
- Institutional respect
- Independence and integrity
- Public-private fluency
- Discipline over hype
- Long-term partnership

Advisory Model

Ford Cole Advisory Partners operates a curated advisory model, engaging senior advisors, consultants, and strategic partners to deliver complex, cross-sector engagements.

Talent & Partnerships

- **Careers:** Individual advisors and consultants engaged through structured, ethical processes
- **Partnerships:** Organizational collaborations governed by clear charters and compliance standards

Governance & Ethics

- Independent, non-fiduciary advisory model
- Conflict-of-interest management
- Data protection and confidentiality controls
- Procurement-safe partnership frameworks

Founder

Daniel A. Iseghohimeh-Cole

Founder & Managing Partner

Ford Cole Advisory Partners was established to address the persistent execution gap between strategy and outcomes across public and private institutions.
